Computer Science student at the University of Michigan seeking full-time software developer roles. Experience building open-source Python/XML software, collaborating through Git/GitHub, reviewing pull requests, and debugging complex logic- and option-driven issues.

EDUCATION

University of Michigan, Ann Arbor

Expected Aug 2026

B.S.E. in Computer Science | GPA: 3.2

- Relevant Coursework: Data Structures and Algorithms, Machine Learning, Computer Security, Web Systems, Computer Networks, Data Analysis, Game Development.

TECHNICAL SKILLS

Languages: Python, C++, C#, Java, SQL, HTML/XML, Galaxy

Developer Tools: Git, GitHub, Jira, Linux (Ubuntu & WSL)

AI-Assisted Development: Use ChatGPT Codex and Claude Code for implementation support, debugging, and rapid prototyping; validate outputs through testing and review

Other Tools: Unity, StarCraft II Editor, Microsoft Office

Core Strengths: Debugging, testing, technical documentation, troubleshooting, code organization

SOFTWARE DEVELOPMENT EXPERIENCE

Archipelago Project - Maintainer / Developer

Jul 2024 - Present

- Contributed through 80+ PRs of Python and XML to the open-source Archipelago SC2 codebase, expanding gameplay logic, game data, and option support.
- Authored and merged a major pull request into the project, coordinating implementation changes, review feedback, and integration through GitHub workflows.
- Helped identify and resolve a hidden randomization inconsistency that caused broader generation bugs by running extensive tests and isolating the option interaction responsible.
- Reviewed 75+ pull requests, managed work across forks and branches, resolved merge conflicts, and collaborated with maintainers and playtesters on bug fixes and logic updates.

PROFESSIONAL EXPERIENCE

Quantum Services Group - Help Desk Technician | Auburn Hills, MI

May 2025 - Aug 2025; Dec 2025

- Created and documented 100+ client support tickets with clear issue summaries, troubleshooting notes, and escalation details.
- Triaged software, hardware, and connectivity issues, prioritizing higher-severity problems and supporting day-to-day IT operations including laptop setup and device retirement tasks.
- Coordinated with ISPs and third-party IT teams, and returned during winter break in Dec. 2025 to provide additional help desk coverage.

Genitti's Hole in the Wall - Kitchen Worker | Northville, MI

June 2019 - Aug 2024

- Supported kitchen and event operations by cleaning dishes, assisting chefs with prep work, and helping maintain service flow.
- Assisted with events serving 100+ guests and coordinated with coworkers to divide work efficiently.

LEADERSHIP EXPERIENCE

World of Warcraft - Co-Raid Leader

Oct 2022 - Present

- Coordinate strategies, timelines, and role assignments for large group activities, and use performance analysis to improve execution and decision-making.
